

Funds at Innovia Foundation

Innovia Foundation has partnered with donors to establish more than 500 funds, addressing unmet needs and supporting programs that make the world a better place to live, work and play.

Because no one person can do this work alone. It requires all of us.

Designated Agency Funds

An Agency Fund is created by the nonprofit for its own benefit. More than 100 organizations throughout our region have established their endowments with the Foundation to free up their staff to focus on their mission. An Agency Fund makes charitable distributions to the organization to support its general charitable purposes or a specific purpose defined by its board of directors. These endowments can be set up to allow the agency to invade the fund principal for its own charitable purposes.

Trusts

Charitable remainder trusts allow donors to receive personal income for the rest of their lives. This popular life income plan is carried out by transferring cash, appreciated stock, real estate or other assets into a trust and identifying a trustee who manages the assets and makes payments to the living beneficiary of the trust. The donor names the beneficiary and can define the terms for distributions to be made over a defined period of years or for a lifetime.
