

## COVID-19 Community Response and Recovery Funds

### Round 2 Application Information

---

#### Establishing Fund Partners

#### Washington:

Funding will be prioritized for organizations addressing the health and economic needs of those most likely to be disproportionately impacted by COVID-19, as well as for recovery efforts to ensure community resilience.

In general, grants will be directed to 501(c)(3) nonprofit organizations, groups fiscally sponsored by a 501(c)(3) nonprofit organization, or other charitable organizations able to receive a tax-deductible contribution, such as schools, faith-based organizations, federally recognized tribes, and other public entities. Grants may be awarded to non-501(c)(3) organizations that provide evidence of meeting critical response or recovery needs not otherwise being addressed.

All submissions will be considered by local community advisory groups and representatives from our funding partners.

#### Idaho:

Applications for Round 2 are due by May 26. Recipients will be announced by June 12.

Grant awards are variable at the discretion of local advisory groups. In Round 1, grants ranged between \$500 and \$45,000. The average award amount was \$5,000.

Eligible organizations must offer services in at least one of the following counties:

- **Washington:** Ferry, Stevens, Pend Oreille, Lincoln, Adams, Spokane, Whitman, Columbia, Garfield, Asotin.
- **Idaho:** Bonner, Boundary, Kootenai, Shoshone, Benewah, Latah, Nez Perce, Lewis, Clearwater, Idaho

This funding is not intended to replace annual income lost as a result of cancelled fundraising activities or decreased donations.

Organizations receiving funding will be asked to provide a simple report regarding use of funds within 60 days.
