- **Health and Wellbeing:** Meeting basic human needs, including food, shelter and access to health care.
- **Education and Youth Development:** Ensuring access to remote learning, safe social spaces and quality childcare.
- **Economic Opportunity:** Reducing barriers to economic opportunity, security, and/or mobility for low-income individuals and families, and supporting community economic development activities.
- **Quality of Life:** Increasing access to opportunities for safe public gathering spaces, social-emotional supports, and connection to animals and to nature.
- **Arts and Culture:** support the arts as economic drivers, educational assets, civic catalysts and bridges between cultures.

GUIDING PRINCIPLES

Within our impact areas, we aim to fund proposals that are a strong fit with one or more of the following Guiding Principles:

- **Respond compassionately to meet basic human needs**
 - We know that meeting basic human needs is fundamental to improving the quality of life for everyone. Innovia Foundation will collaborate with community partners to address both systemic issues and immediate needs.
- **Bring people together to build inclusive communities**
 - We believe in bringing people together and building connections that enrich us all. We seek to develop places and spaces where everyone feels they belong and can participate in decisions that affect their lives.
- **Expand opportunity and reduce inequity**
 - We recognize that persistent and systemic disparities diminish opportunities. We will bridge the divide that isolates and prevents members of our community from recognizing and reaching their full potential and will invest in organizations that address the root causes of issues and promote self-sufficiency
