**History:**
**Our Roots:** In 1974, as Spokane was preparing to host the World's Fair, a group of concerned citizens saw a need for a foundation that could continue revitalizing the communities of the Inland Northwest. That year, the Junior League of Spokane founded the Greater Spokane Community Foundation, a new entity that replaced the original Spokane Foundation, which had been established in 1915 with a single trust.

**Our Reach:** In the 1970s and 1980s, the Foundation’s understanding of “community” grew, and we began to reach beyond the Spokane area. Recognizing that people with common interests and concerns know best how to meet local needs, the Foundation’s territory expanded to include 10 counties in Eastern Washington and 10 counties in North Idaho. The name was changed to Foundation Northwest to reflect the expanded region. In 2006, the Foundation conducted 500 interviews with community members and developed a comprehensive strategic plan. This launched another period of major growth. Our name was rebranded to Inland Northwest Community Foundation.

**Our Rebrand:** In 2018, the Foundation underwent a rebranding effort. The rebrand to Innovia Foundation was a strategic decision to bring greater awareness and engagement around important issues in the region—and the important work the Foundation is already doing. The new name and brand were the result of a thorough and thoughtful process involving not only the Foundation’s staff and board, but also community partners and other key stakeholders.
