

# Newport Community Fund

In partnership with Innovia Foundation, this region's community foundation, the **Newport Community Fund** aims to further ignite generosity and build vibrant, sustainable communities for generations to come.

## Meet two grant recipients

The Newport Community Fund addresses the greatest needs and opportunities through grant awards to local organizations, including:

**Hospitality House Council on Aging** in Newport welcomes all generations to gather together for meetings, events and camaraderie. A recent grant will revitalize their building to provide a safer space for the nearly 300 weekly visitors who congregate for services and activities, including support groups, Veteran appreciation events, ballroom classes, card games, free meals and more.

**Youth Emergency Services of Pend Oreille County** is a Newport nonprofit committed to supporting homeless and at-risk young people. A recent grant will strengthen their mission to promote stability, growth and the ability to thrive for all they serve.
